

ACS FALL 2024 ELEVATING CHEMISTRY DENVER, CO

SUNDAY, AUGUST 18
12:00-1:00 P.M. MT

Join the ACS Board of Directors and CAS for a free lunch, the latest Board report, and an insightful talk about how Artificial Intelligence (AI) is transforming science!

Join the ACS Board of Directors and CAS to hear the latest Board report, and an insightful talk about how Artificial Intelligence (AI) is transforming science at the Board Regular (Open) Meeting being held at the Colorado Convention Center in Bluebird Ballroom 1A on Sunday, August 18, from 12:00-1:00 p.m. MT. The session is open to all ACS Fall 2024 attendees.

ACS Board Chair **Wayne E. Jones, Jr.** will provide his report and **Andrea Jacobs**, Assistant Director, Strategy for CAS, will discuss how AI is impacting research across the chemistry enterprise, the role of high-quality data in AI advancements, and share ways that CAS is leveraging AI in its products and for customer success.

Lunch will be available for the first 200 attendees.
